

Sam Park One-Man Show!

November 14 & 15

Born in 1949 in Seoul, Korea, Sam Park began painting at the age of twelve and was teaching in a local high school by the age of thirteen. After graduating from the university in 1973, Park traveled to France, where he studied painting with other young artists in Paris. His artistic style today clearly reflects the inspiration of the French Impressionists.

He returned to Korea in 1984 where he competed in an Olympic-sponsored art competition for the upcoming 1988 Seoul Olympic Games against more than two thousand other artists. He won the Gold Medal.

He returned to Europe where he lived for fourteen years -- mostly in France, but also in Cypress & Greece. He came to America in 1994 where he continues to live on the coast of Southern California.

Please join us for an exciting evening with Park on Friday, November 14 & during the day on November 15. Call us at 855-8500 if you would like to receive an invitation.

Friday, November 14 - 7:00-9:00

The Latest from Thomas Arvid

If you missed our wonderful wine tasting party with Arvid in June, take heart. We hope to have him back next spring for an encore event. In the meantime, come by The Art Shop to see the latest and greatest collection by one of our most popular artists.

With his latest image "Three Down", Arvid invites you to join in on the "one to go."

"The jagged foil and hastily replaced cork reveal a specific moment, while the composition traces a larger span of time by showing the same wine as its label has changed over the years."
